## TUCK'S POST CARD

CARTE POSTALE

The Robin Redbreast. (Erithacus rubecula), one of the most popular of the native British birds, measures about 5\(\frac{1}{2}\) inches in length. It's keen black eyes and ruddy chest are characteristic, and make it casy recognisable. The nest, well constructed and lined, is often built in most extraordinary positions, and contains from five to seven eggs of a yellowish white tint spotted with brown.
